High School One to One Laptops

- Review of Rules
 - No drink around the laptop
 - Do not use another student's laptop
 - The laptops are not for game playing
 - A Staff member has the right to take your netbook if they think you are not doing something educational
- Care
 - Be careful going to lunch
 - I strongly suggest you do not put your computer case in your book bag
 - Athletes be very careful in the gym area
 - If not using the laptop lock it in your locker

High School One to One Laptops

- Home Use

- Make sure you are logged onto the laptop the first time you take it home
- Ok to shut down computers if not using
- Ok to connecting to your wireless at home
 1. Tech staff cannot troubleshoot any home wireless problems
 2. Home Internet access is filtered
 3. No family member should use your computer
- If you have a problem connecting restart the laptops
- A restart of the laptop will fix most problems
